

ZOOMLION ROTARY DRILLING RIG ZR185

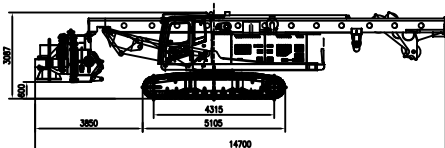

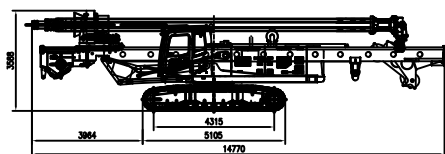

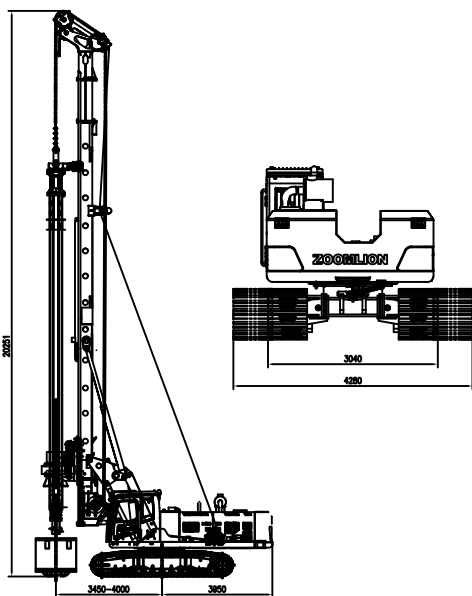

ZOOMLION

V 2023.02

ZR185 Rotary Drilling Rig

- The whole machine can be transported with Kelly bar to realize **quick transfer** between operation and transportation.
- Only **one trailer** for transporting the whole machine, each time the transportation cost is saved by 30%.
- Stronger construction **ability** thanks to rotary drive with large torque.
- High construction **efficiency** thanks to big flow main pump, multi-gear rotary drive, and two-speed crowd cylinder.
- More **stable** structure and stronger bearing capacity thanks to enhanced mast section, lower center of gravity, large slewing support, and reinforced chassis.
- **New generation cab** with better vision, more comfortable operation, new electrical control panel. 360 degree full view monitoring.
- **Options:** Remote control, auto-lubrication, spin-off.
